The 9th annual Halifax International Security Forum will be convened on November 17-19 as a platform for warmongering and empire building of U.S. imperialism and the NATO bloc, in which the Trudeau Liberal Government is fully embroiled.

Warmongers from more than 50 countries will join Canadian Defence Minister Harjit Singh and some 300 others at the conference “to learn from each other, share opinions, generate new ideas, and **put them into action.**”

The HISF is organized from and based in Washington, DC, USA, with funding provided by the Canadian Defence Dept. The first 2009 forum was dedicated to popularizing NATO’s then new ‘security doctrine.’ Ensuing forums have provided a stage to justify NATO’s ‘humanitarian intervention’ in Libya and Africa, Syria and Iran. This forum will no doubt further NATO’s dark plans to attack and destroy the Assad government in Damascus under the guise of destroying ISIL “Islamic terrorism”, or for NATO schemes to use Ukraine as a battering ram and platform on which to foster major aggression against Russia.

We should also expect this year’s forum to increase international tensions with U.S. President Donald Trump’s threats of war and subversion on Venezuela and the Democratic People’s Republic of Korea.

It is unacceptable that Halifax, or any Canadian city, be used as a venue to plan further crimes against the peace and the peoples of the world. Bring your banners, bring your music and statements, and most of all bring your friends to oppose this war conference.
